

Detailed report

04/04/2021 - 05/31/2021

Total 231 h 28 min

Date	Description	Duration	User
04/08	Discussing whether to use Docker or Cloud9 Rapid Application Development - RAD Assignment	0:30:00 04:00-04:30	Reuben Abraham
04/15	Reading RAD Assignment Rapid Application Development - RAD Assignment	2:21:00 03:39-06:00	Reuben Abraham
04/18	Setting up github repo Rapid Application Development - RAD Assignment	0:30:00 02:00-02:30	Reuben Abraham
04/18	Ensuring compatibility between cloud9 and docker with first commit Rapid Application Development - RAD Assignment	3:30:00 02:30-06:00	Reuben Abraham
04/18	Ensuring compatibility with database + model in commit Rapid Application Development - RAD Assignment	0:30:00 09:30-10:00	Reuben Abraham
04/18	Setup correct Ruby on Rails local environment (no project)	1:30:00 12:30-14:00	S3707189
04/20	Setup new C9 environment, create new ruby2.7.2 rails5.2.5 app, deploy to Heroku, create optional local Docker setup (no project)	3:42:00 10:00-13:42	S3707189
04/20	Redoing RAD assignment configuration with Cloud9 and Rails 5 Rapid Application Development - RAD Assignment	0:30:00 12:00-12:30	Reuben Abraham
04/20	Creating Database diagram Rapid Application Development - RAD Assignment	1:00:00 12:30-13:30	Reuben Abraham
04/20	Design tables models, setup initial scaffolds (no project)	2:28:00 22:00-00:28	S3707189
04/21	Creating Tables with Associations (Collections + Items) Rapid Application Development - RAD Assignment	13:00:00 01:30-14:30	Reuben Abraham
04/22	Setup Item scaffold Rapid Application Development - RAD Assignment	2:00:00 07:00-09:00	Reuben Abraham
04/22	Html for Home page Rapid Application Development - RAD Assignment	3:00:00 09:00-12:00	Reuben Abraham
04/22	Generate Collections controller and incorporate it into home page Rapid Application Development - RAD Assignment	0:30:00 12:00-12:30	Reuben Abraham
04/24	Newsletter Subscription Model Rapid Application Development - RAD Assignment	3:00:00 05:00-08:00	Reuben Abraham

04/24	Collections mapping routes + model + controller Rapid Application Development - RAD Assignment	5:00:00 12:00-17:00	Reuben Abraham
04/24	Setting up items, collections database (no project)	5:10:22 16:56-22:06	S3707189
04/24	Setup initial bootstrap (no project)	1:37:03 22:54-00:31	S3707189
04/25	items only shown in new_ins if correct arrival_date Rapid Application Development - RAD Assignment	2:00:00 10:30-12:30	Reuben Abraham
05/01	Adding items to saved list: multiple forms in view Rapid Application Development - RAD Assignment	3:43:00 08:00-11:43	Reuben Abraham
05/01	(no description) (no project)	0:18:11 13:24-13:42	S3707189
05/02	Creating user model with bcrypt password Rapid Application Development - RAD Assignment	1:40:00 08:20-10:00	Reuben Abraham
05/02	User test and visitor testing completed -ish Rapid Application Development - RAD Assignment	2:04:00 10:00-12:04	Reuben Abraham
05/02	Bootstrap icons (no project)	4:34:28 14:53-19:27	S3707189
05/06	Sign in and Sign up Rapid Application Development - RAD Assignment	6:00:00 12:00-18:00	Reuben Abraham
05/07	Item form and Bag item page Rapid Application Development - RAD Assignment	6:30:00 04:00-10:30	Reuben Abraham
05/07	Checkout feature Rapid Application Development - RAD Assignment	2:06:00 10:30-12:36	Reuben Abraham
05/08	Add images to aws s3 bucket; reference this; fix page for collections and for each item's page; (no project)	5:02:00 12:31-17:33	S3707189
05/10	Add css on homepage; fix horizontal scrolling; (no project)	2:16:00 21:32-23:48	S3707189
05/11	Sidebar fixes; more homepage design; (no project)	10:42:13 10:05-20:47	S3707189
05/12	Subscribe feature and notification at newsletter Rapid Application Development - RAD Assignment	3:47:55 14:18-18:06	Reuben Abraham
05/13	New table for multiple images; seed data (no project)	1:38:34 00:14-01:53	S3707189
05/13	forgot password send through mailer + receive through mail token + update password Rapid Application Development - RAD Assignment	5:57:04 13:01-18:58	Reuben Abraham

05/15	(no description) (no project)	8:21:35 16:22-00:44	S3707189
05/16	restructuring bag item, split into bag item and item variant Rapid Application Development - RAD Assignment	4:36:01 18:26-23:02	Reuben Abraham
05/17	discussing how to implement straggler features (twitter auth, emailing etc) Rapid Application Development - RAD Assignment	2:00:00 11:40-13:40	Reuben Abraham
05/17	filter feature form Rapid Application Development - RAD Assignment	4:07:00 20:43-00:50	Reuben Abraham
05/17	twitter login startooo (no project)	0:49:00 23:39-00:28	S3707189
05/18	filter feature controller Rapid Application Development - RAD Assignment	6:39:56 00:44-07:24	Reuben Abraham
05/18	adding TagItems to dbdiagram.io Rapid Application Development - RAD Assignment	0:17:52 08:50-09:08	Reuben Abraham
05/18	Adding random items to saved list + no random items left to save Rapid Application Development - RAD Assignment	0:36:00 10:40-11:16	Reuben Abraham
05/18	feature/users Redirecting logged users off login Rapid Application Development - RAD Assignment	1:08:00 12:52-14:00	Reuben Abraham
05/19	sendgrid for mailing on heroku Rapid Application Development - RAD Assignment	10:12:19 04:43-14:55	Reuben Abraham
05/19	fixing sessions for bag item Rapid Application Development - RAD Assignment	1:47:59 14:56-16:44	Reuben Abraham
05/20	Feature popup: creating database values Rapid Application Development - RAD Assignment	5:10:57 09:22-14:33	Reuben Abraham
05/20	Feature multiple browsers: creating new saved list and altering saved helper, users controller, home controller, and saved controller Rapid Application Development - RAD Assignment	3:34:00 19:36-23:10	Reuben Abraham
05/21	(no description) (no project)	20:08:29 00:32-20:40	S3707189
05/21	refactoring shared/items to support popular items too Rapid Application Development - RAD Assignment	3:00:00 10:10-13:10	Reuben Abraham
05/21	Help and support page Rapid Application Development - RAD Assignment	0:20:00 12:50-13:10	Reuben Abraham
05/21	Redoing the multiple browser feature to make saved list work across browsers Rapid Application Development - RAD Assignment	3:41:37 15:08-18:50	Reuben Abraham
05/21	learning coffeescript for filter feature: "All" checkbox affecting other checkboxes Rapid Application Development - RAD Assignment	1:26:00 18:52-20:18	Reuben Abraham

05/21	various (no project)	3:27:59 20:40-00:08	S3707189
05/21	finish test users controller Rapid Application Development - RAD Assignment	2:23:47 23:30-01:54	Reuben Abraham
05/22	Do item model testing for associated objects of item Rapid Application Development - RAD Assignment	3:26:55 08:58-12:25	Reuben Abraham
05/22	saved controller testing Rapid Application Development - RAD Assignment	4:14:46 12:28-16:42	Reuben Abraham
05/22	home controller test Rapid Application Development - RAD Assignment	1:00:47 17:00-18:01	Reuben Abraham
05/22	(no description) (no project)	14:50:11 20:51-11:41	S3707189
05/22	Bag item controller and model testing Rapid Application Development - RAD Assignment	3:22:13 23:26-02:49	Reuben Abraham
05/23	Collections controller and model testing Rapid Application Development - RAD Assignment	4:30:42 07:58-12:29	Reuben Abraham
05/23	Collections controller testing: filter Rapid Application Development - RAD Assignment	3:04:00 12:45-15:49	Reuben Abraham
05/23	deploying to heroku with test integration Rapid Application Development - RAD Assignment	5:02:32 15:49-20:52	Reuben Abraham
